This is the basic fee charged to each family we serve for our professional expertise in assisting them. It includes, but is not limited to, a proportionate share of the taxes, licenses, utilities and business expenses to serve the public in a professional manner. Also included in this charge is the consultation with the family, clerical and administrative duties, preparation and filing of the required certificate of death and permit of disposition. Coordination of clergy, cemetery, crematory or common carrier services. Assistance with insurance papers, union benefits, social security and veterans documents. Planning the funeral or memorial service. There will be an additional charge for the direction and supervision of each service selected or required. This fee for our basic services will be added to the total cost of the funeral arrangements you select. This fee is already included in our charges for packaged arrangements, direct cremation and immediate burial, forwarding & receiving remains.

Embalming

\$ 485.00

Embalming provides for the temporary preservation of the deceased. Embalming is performed by a California licensed embalmer and usually enhances the appearance of the deceased. Except in certain cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement which does not require you to pay for it such as direct cremation or immediate burial.
